Key Market Insights from the report:

The global gypsum market accounted for US\$ 2.34 billion in 2020 and is estimated to be US\$ 4.83 billion by 2030 and is anticipated to register a CAGR of 7.50%. The global gypsum market report segments the market on the basis of type, application, and region.

- By Type, the market is segmented into Natural Gypsum and FGD Gypsum.
- By Application, the market is segmented into Agriculture, Construction, Medical, and Art.
- By Region, the Global Gypsum Market is segmented into North America, Europe, Asia Pacific, Latin America, and Middle East & Africa.

Competitive Landscape:

Some of the prominent players operating in the Global Gypsum Market include Saint Gobain S.A VANS Gypsum, Sherlock Industries, USG Boral, Lafarge S.A, Shreenath Gyptech and National Gypsum Company.

The market provides detailed information regarding the industrial base, productivity, strengths, manufacturers, and recent trends which will help companies enlarge the businesses and promote financial growth. Furthermore, the report exhibits dynamic factors including segments, sub-segments, regional marketplaces, competition, dominant key players, and market forecasts. In addition, the market includes recent collaborations, mergers, acquisitions, and partnerships along with regulatory frameworks across different regions impacting the market trajectory. Recent technological advances and innovations influencing the global market are included in the report.
